EXPERIENCE

- Photographer
Freelancer 2022 - Present Munich, Germany
- Provide professional photography services for events, maternity, and newborn shoots, delivering personalized, high-quality images tailored to client needs.
 - Manage full project lifecycle—from client consultation and on-site shooting to editing and final delivery—ensuring a seamless and satisfying client experience.
- UX Designer (Bootcamp)
Ironhack 2024 - 2024 Munich, Germany
- Completed UX Design course at Ironhack, creating four projects focused on user research, wireframing, prototyping, and usability testing.

Project name	Description
PwrTeams	Designed an updated version of old website.
Wellness App:	An app for everyday mental wellbeing
Ecom website	A website for a restaurant in Hamburg.
Doctors app	An app to manage doctor appointments.

- IT Specialist (ESB)
DSV - Global Transport and Logistics 01/2019 - 05/2022 New Delhi, IN
- Managed team coordination, redirected incidents, and ensured effective communication.
 - Worked with internal and external stakeholders for BizTalk implementations.
 - Monitored production servers, managed alerts, and performed root cause analysis.

- Integration Analyst
Ramboll 01/2013 - 05/2019 Gurgaon, IN
- Developed, tested, and implemented BizTalk applications while creating technical design documents and integration strategies.
 - Designed and optimized system interfaces by refining XML/XSD files, field mappings, and process flows to enhance efficiency.
 - Managed BizTalk Server administration, resolved production issues, and built integration solutions using WCF, SFTP, FTP, and SQL.

- Business Analyst
VAYUZ 01/2016 - 01/2016 Noida, IN
- Analyzed business requirements, collaborated with stakeholders, and designed technical solutions to optimize system workflows and improve operational efficiency.

SUMMARY

UX Designer with a background in system integration and a passion for user-centered design. After 6 years as an Integration Specialist, I pursued UX design training under Iron Hack, honing skills in user research, wireframing, and prototyping. Alongside, I worked as a freelance photographer specializing in event, maternity, and newborn shoots—enhancing my eye for detail, storytelling, and client collaboration. Currently seeking opportunities to create seamless digital experiences in Germany.
